True architecture
exists only where man
stands in the center

Alvar Aalto

Nothing exists separately. Everything influences each other. All moods generate waves in me and my surroundings. The friendlier, prettier, nobler, more creative and harmonious the vibrations, the more enriching the effect for my wellbeing and the environment. The more valuable I feel all around, the brighter the vibration that I create around me. Respect for me and everything makes me highly sensitive to the finest qualities, both inside and outside.

BRILLIANCE IS WHERE MY HEART IS
