No matter who you are  
no matter where you come from  
you are beautiful

*Michelle Obama*

Health has the highest priority. Health is more than the absence of disease. It is the whole spectrum of our existence. Inside as well as outside. Freed from negative vibrations, we feel all our beauty. Quality of life is the expression of our awareness. The more affectionately we deal with ourselves, the more conscious we are. We rid ourselves of poisons on all levels, inside and outside. We take our lives into our own hands, start with ourselves and our home.

It is the most powerful transformation for us and the world. Knowing the alchemy of change, we carry wisdom into all spaces, into nature, into every sphere.
