Feeling is the language that speaks to the Divine Matrix
Feel as though your goal is accomplished and
your prayer is already answered

Gregg Braden

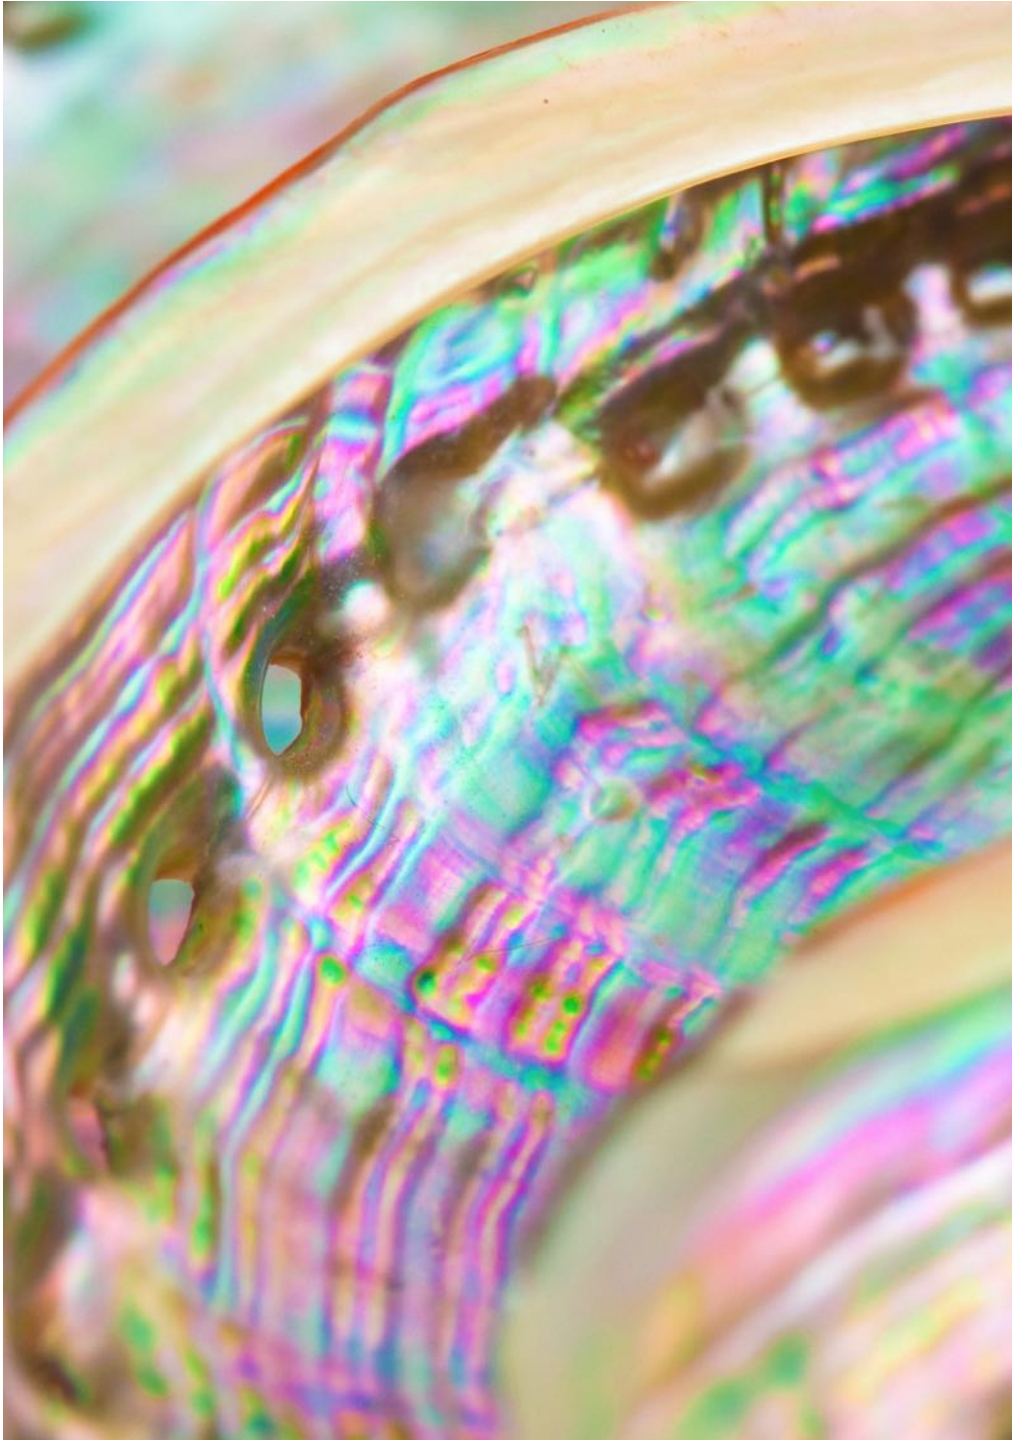

Emotions are waves, always in motion and changeable. Feelings can be changed consciously at any time. Consciousness is the art of pausing, centering and not being guided by emotions. If we focus clearly on the highest qualities in us, we change the matrix of circumstances, the spaces, our own body chemistry.

This opens up endless possibilities for reshaping areas of life. In all spaces and places where we live, we influence in the best sense the matrix with our feelings. How the spectrum of emotions is observed, we breathe deeply and choose the best.
