When woman are empowered  
they immeasurably improve the lives of everyone around them  
We man need to recognize the part we play too  
Real men treat woman with dignity and give them the respect they deserve

*Prince Harry Duke of Sussex*

Everything of the highest quality is what we experience as wealth. Wealth is the inner abundance with which we are born. All of us. If we affirm life with its qualities, we learn to transform everything in ourselves and in the world. We appreciate both, the feminine and the masculine in their purest quality. Anything that does not yet correspond to this quality of wholeness, of love, can be transformed by each one of us. The change begins at first inside then outside. Radiant prosperity lives in each one of us. Every home should be a blessing for all.
